Happy New Year!

Welcome to our monthly newsletter. We are going to trial the newsletter on a monthly basis so please upload any ride reports or submit anything you would like included by the last day of each month. Feedback too would be appreciated.

Audax WA AGM - 31 January 2021

The Annual General Meeting for the Western Australian Region of the Audax Cycling Club Inc will be held on Sunday, 31 January at the Carriage Cafe, Fremantle.

Breakfast will be provided to members attending so please join us from about 8.30am for breakfast and provide your input into how the region will be run over the next year. Meeting to start at 9am.

Committee nominations should be emailed before 24 January to [Audax WA Secretary](#).

For full details, including about proxy voting, check your emails dated 31/12/2020.

Popular Permanents

Spotlight on two permanent rides that were popular in 2020 ...

TOODYAY 200 (2017) 210km

Bayswater train station cycle path to Midland. The scarp starts shortly after up to the very pretty John Forrest National Park. Some lumpy bits through Parkerville, Chidlow, Wooroloo &

you are at the world famous Bakers Hill Pie Shop before you know it. Small section on Great Eastern Highway before the turn off to Toodyay & quiet roads again. Toodyay has cafes, bakery & pub but don't stay too long as Julimar Rd awaits & its best done with warm legs! Nice big decent into Bullsbrook, that's the hills done hoorar! Flat fast section on the Great Northern Highway soon sees you into the Swan Valley wine region, before picking up the cycle path back to the finish. Route:

<https://ridewithgps.com/routes/24136041>

A roughly reverse version of the route is **2J LOOP. 207km.**

Bayswater train station start point. Fast flat run up the Tonkin PSP to Bullsbrook & then the hills start. The outstanding views take your mind away from the climbing, there are down hills also. Julimar Rd is a cyclist dream or nightmare! 2J for lunch & most hills have been done! Bakers Hill pie shop is great for a coffee n cake. Wooroloo general store great refresher before final few uphill to Chidlow. Just a couple more leg warmers before the fast decent down Greenmount Hill to Midland & Cycle path to the finish. Route:

Last Words

Congratulations to Sacha for smashing the recent Mount Magnet 1400. No it wasn't an Audax ride but you got to admire the achievements of all the endurance riders who participated in very windy and hot conditions. Some great ride reports on [Facebook](#) if interested.

Thank you to Perry and Helen for hosting our Audax WA Christmas gathering. Good turn out & a great spread.

Don't forget our member's Facebook page for regular ride reminders and ride feedback.
