

2007 Ride Summary – Audax WA

Past Rides...

23 June – 150 km – Taste of the Hills

On a cold, wet, windy day only the dynamic duo Colin Law and Wayne Hickman rode. For their pains they got rather muddy due to road works.

7 July – 100/200 km – WA Alpine Classic

see attached report by Klaus Hagedorn

21 July – 300 km – Gasman's Giro

Appalling day, torrential rain and strong winds. Four started, but wisely called it a day after half an hour.

11 August – 300 km – The Swinging Pig

Called off by mutual consent, once more due to awful weather.

25 August – 100/200 km – A Little Extra

Underwhelming response with nil entries.

8 September – 50/100 km – Burkes Backyard

Five riders for the 100 km, who kept together well on a showery morning. A much improved cycle-way but still three punctures occurred due to glass and debris on the track from overnight storms. Ride hazards included heavy trucks and the Boy Scouts Annual Trek About.

Perth Region

Past Rides

2 December 200k	West Coast Cruise. A fine day with 3 new members.
16 December 50/100k	Freo Flyer A later start with sweltering heat made this a real endurance test for all participants. 20 riders, all finished. Good to see Ken Ward back in the saddle.
6 January 200k	Mary's Midnight. A night ride for a few hardy souls. Very warm and a full moon.
20 January 50/100k	Dog Hill Ride. No less than 22 starters and finishers, on a very pleasant day, not too hot.
10 February 300k	Out and Back. 7 starters and 6 finishers. Lovely tail wind all the way out, every one back early, which means they missed out on a rising easterly tail wind. As usual excellently supported by Ross Cussons. Good to see Graham Thornton on the road again.
24 February 200/100k	Phive Pies Pedal. A very good turn out of 17 for the two rides. A benign start in cool temperatures, but alas by mid day it was a furnace out there, and all riders great and small had a very hard time of it. Wonderful to see still more new riders turning up, in particular San-Der-Sandanin, his first ride, finished the 100 well done.
